Tri-Flow® Food Grade Synthetic Oil With P.T.F.E. has extreme pressure characteristics and will not emulsify with water. An excellent choice for mist lubrication and hydraulic systems. Formulated for use in many industries, such as meat packing, ice cream, candy and ice plants, dairies, bakeries, pharmaceutical, beverage bottling and cosmetic manufacturing. It is NSF registered and H1 rated, which gives it full acceptability for use in all areas where incidental food contact may occur.
